

# Meals

All multipurpose senior centers and congregate dining sites are closed in addition to all programs and activities at all facilities.

To ensure that older adults shelter in place and to meet their daily-nutritional need, the Department of Aging will transition its congregate meal program to home-delivered meals that will include a combination of frozen, shelf stable, or chef-made meals.

## Home Delivered Meals

Home delivered meals will continue to be delivered as usual.

## Congregate Meals

Department of Aging will contact all enrolled participants to inform & coordinate meal delivery.

To sign up for home-delivered meals, please contact the Department of Aging at (213) 482-7252. Telephone operators are standing by. Please note that the department is experiencing high-call volume. If you are unable to connect to an operator, please leave a message, and the operator will respond within 24 hours.

For information regarding COVID-19, visit the LA County Public Health Website at <http://publichealth.lacounty.gov/media/Coronavirus/>. Information is available in multiple languages.

**We strongly encourage you to take everyday actions to prevent the spread of COVID-19:**

- Stay home when sick.
- Wash hands often with soap and water for at least 20 seconds.
- Limit close contact with people who are sick.
- Practice social distancing at a minimum of 6 feet.
